Subject: RE: SETE - Contract terms if non payment

YY,

Reason for the mail below regarding our contractual rights is, today, we received verbal information that SETE will be unable to pay the invoice due 10 Dec (US\$74M) and probably the other remaining invoices till March as Sete is unable to get bridging loan from Banco do Brasil and they expect the long term financing likely to close only around mid Jan 2015 and funds released 60 days after the signing.

A request was also made for Keppel to keep progressing despite their missing their payment commitments and Keppel to finance the construction till they get their loan in place, paying interest as specified in contract. They claimed that they have also made same request to EAS, Jurong and ODB / EEP. Seems like these other yards' last payment received was in Oct and SETE missed paying their Oct MMB and will also be missing Dec's.

Yan – as discussed this afternoon, pls update CEO on the matter and also direction forward as BrasFELS will start to have negative cashflow beginning Feb if BrasFELS don't receive its milestone payments.

Rgds
